

BROUGHT  
THE  
BUYER®

# WHAT SELLERS REALLY WANT

*I AM WHERE THE BUYERS ARE!*

I actively and proactively search for Home Buyers above and beyond the competition. Most Real Estate Agents stop at the internet. I go the extra mile. *HOW DO I DO THIS?* I belong to the Brought The Buyer Community and use this Concept & Campaign to pursue and obtain Buyer Prospects for YOU!

---

I mail postcard campaigns to hundreds of neighbors in search of Home Buyers

I am an available option and advocate for Home Buyer representation in the Online Directory of [www.BroughtTheBuyer.com](http://www.BroughtTheBuyer.com)

---

I post Brought The Buyer signs in yards of my Clients who have just become New Homeowners. This leads to sign calls from *other* interested Home Buyers, one of whom could potentially be the Buyer of YOUR home!

---

I hold House Warming Parties for my New Home Buyer Clients showcasing my success to other potential Buyer Prospects

I receive Buyer Referrals from other Real Estate Agents in different states that also participate in the Brought The Buyer Online Directory

---

I work with Lenders & Title Companies to gain more exposure and increase my odds of finding your Buyer!

I Want to Bring YOUR BUYER Home
